

MASTER 2012/2013 MINING

>> courses to advance your career

LONDON UK • CAPE TOWN SOUTH AFRICA • LAS VEGAS USA • TORONTO, VANCOUVER CANADA

MASTER THE COMPLEX WORLD OF MINING with our comprehensive, interactive and cost-effective courses designed to round out your knowledge of the global mining industry and how it works from concept to production and beyond.

PRESENTED BY MINEAFRICA INC, AND ON THE GROUND GROUP (The International Division of MineAfrica.)

We are offering two specific courses in 2012/2013 – our general **Understanding the Mining Industry: From A to Z** course in a number of cities and our **Understanding the COAL Industry: From A to Z** course in Toronto.

With our **MASTERMINING** courses you will learn about the technical aspects of the mining industry (including exploration, development, operations and processing), the economics of mining and financing and deal-making in a hands-on, interactive setting with international and Canadian case studies.

WHO SHOULD ATTEND

Representatives from the mining industry, financial sector, legal industry, public relations and investor relations firms, engineering and geological firms, equipment manufacturers, service providers, governments, accounting and consulting firms will all benefit from attending.

WHY ATTEND

You should attend if you have a general, overall knowledge of the mining industry but want to improve your depth of knowledge in each area or if you have specific knowledge in one particular area but want to round out your knowledge of the total mining picture. Class size is limited to enhance your hands-on and interactive learning experience.

CONTINUING EDUCATION CREDITS

The course may count towards Professional Development continuing education credits in Canada for professional designations for investment advisors, accountants, lawyers and engineers, etc. It is the responsibility of each individual to ensure that their professional development credits are applicable to the individual regulatory and licensing bodies under which they are governed.

WHAT'S INCLUDED

All course materials including course manual, reference CD with course presentations and resource materials, certificate, all coffee breaks and lunches.

CUSTOMIZED IN-HOUSE PROGRAMS

We also offer customized in-house programs designed specifically for your organization on your premises. Contact us for more information.

YOUR CLASS LEADER is **Dr. Willem Smuts**, a geologist with a Masters degree in sedimentology from the University of Port Elizabeth (1987) and a Ph.D. from Pretoria University (1998) on the origins of coal. He is a registered professional earth scientist and has authored and co-authored over 79 scientific and technical papers. Willem has 27 years of technical and management experience in the fields of research, exploration, mining and consulting. He is currently the CEO of a junior diamond explorer in Botswana. He has edited several leading mining magazines, independently consults on coal, gold and base metals exploration and has been delivering hands-on mining courses and workshops for companies and individuals around the globe.

CANCELLATION POLICY

- | Cancellation more than 8 weeks before the course the refund is 90% (your cost is 10%)
- | Cancellation between 8 weeks and 2 weeks before the course the refund is 50% (your cost is 50%)
- | Cancellation between 2 weeks and the day of the course the refund is 0% (your cost is 100%)
